15/20 IW HEALTH AND CARE PLAN NHS CONSULTATION – Maggie Oldham, Chief Exec. I.W. NHS Trust and Vaughan Thomas, Chair of IOW NHS Trust

Vaughan Thomas explained that in 2017 the Trust was rated as inadequate by the CQC. 144 “must do” actions were required across 27 core areas. 9 inadequate categories, where there were safety concerns, have since been resolved. A core plan has been developed, in partnership with the CQC and IWC, for dealing with problem areas. Maggie Oldham reported that positive progress has been made and that they aim to address problems for the long term. The plan looks at 3 areas: procurement (ensuring the most efficient use of resources); new models of care and partnership working with Portsmouth and Southampton Hospitals and the Mountbatten Hospice. It is expected that these measures will keep staff better trained and interested and hence help with recruitment and retention of staff. The government has promised a £48m investment at St. Marys Hospital and much of this will be used for digital support for patients to cut down on travel to the mainland. VT and MO took questions from Councillors and members of the public. Copies of the Isle of Wight Health and Care Plan were made available.
