

INTERNAL AUDIT KEY CONTROLS 2020

Parish & Town Councils spend public money and therefore must be fully transparent and accountable for the monies spent. The accounts must be prepared by the Responsible Financial Officer as soon after the 31st March each year and should not be left until the notice is received from the External Auditor. The annual return presents the income and expenditure against the receipts and payments in conjunction with the adopted financial regulations. Internal controls are a set of procedures or tests set by the Parish Council to maintain the financial processes and controls as detailed in the Audit and Account regulations. The Internal Audit is carried out by somebody independent and competent who tests the key controls.
