

Councillor Reports October 2023

Mayor Report – October 2023

I had a tour of the lifeboat station at Cowes by Mark Southwell which was very interesting and informative.

I attended the RF consultation whilst manning our own budget consultation and took note of many of the public comments.

I attended the Harvest festival service at St James church which was lovely, and many food items were donated for thier chosen charity.

Yesterday I and other councillors had a site visit at the Albany Barracks, it's great to see the work being done to preserve this historic building and bring it back into use.

Cllr Tracy Reardon
